VOLUME 02

STAINLESS STEEL KITCHEN SINK COLLECTION

Twenty-five sinks in two ranges. Pressed, from LUCKY PRO and wellup, in stainless steel 201. Hand Made, from wellup, in stainless steel 201 and 304.

Each model has a page of its own: the sink installed in a kitchen, its specifications as listed in the Price List 2024, and a drawing of its overall dimensions and bowl layout. The four finishes are shown on page 03.

NOTES

ABOUT THIS CATALOGUE

Specifications are those of the Price List 2024 (14 August 2024). Sizes are approximate (±), width × depth × height, in millimetres.

The price list gives each model's edge (Inset Edge for Pressed, Flat Edge for Hand Made) but not its installation type. The images show the hand made models top-mounted or undermounted following the model code (T..., U...) — to be confirmed.

The drawings show the listed overall dimensions; the bowl layout is drawn from the product photographs, for reference.

Images are visualisations made from the supplied product photographs and listed dimensions. The kitchens, taps and accessories in them are styling and are not included unless listed in the specifications.

Colours and finishes in print may differ slightly from the products.

† Marks information awaiting confirmation from the supplier.
